COVID-19 PA CareerLink® of Erie County

Thank you for your patience and support during this difficult and uncertain time. As you might be aware, the Wolf Administration and County Executive Dahlkemper has strongly urged non-essential businesses to close in order to help mitigate the spread of COVID-19. The governor's request protects employees, customers, and suppliers and limits the spread of the virus through personal contact and surfaces. For this reason, we have come to the difficult decision to close the PA CareerLink® of Erie County to walk-in traffic.

PA CareerLink® of Erie County will accept requests for one-on-one appointments for career or supportive services and will also be available to provide services to both job seekers and employer customers via one-on-one mobile delivery, online, by telephone and email. Many of our partner agencies have and will continue to communicate in this manner during the temporary closure.

Approximately 10 computers will be available as well, with social distancing in mind. In the short term our team is also working on providing additional avenues to better serve our customers during this crisis, more details will be forth coming.

If you are in need of assistance from the local PA CareerLink®, please contact the following number 814-455-9966 Ext. 0
